FIREMEN TO HONOR MEMBERS OF FIRST FIRE COMPANY

Local Department Votes
Honorary Membership
To Old Time Volun-
teers Of 40 Years Ago.

SPECIAL OCCASION

The Clearfield Fire Department held its regular monthly meeting for May in No. 1 company's hall in the Borough Building last evening. Forty firemen from the different companies were present and much business was transacted.

Under the rules of the Department the election of delegates to the State and District Conventions takes place at the May meeting. The following delegates were then chosen: To State Convention, Palmer Weimer, of Elk Hose Co.; Alternate, Preston Gulich, of Third Ward Co. For representative to the District Convention at DuBois, M. M. Overly, of Elk Hose Company, was named by acclamation with Chief A. P. Kreher as Alternate.

G. Albert Stewart, local candidate for the Legislature, was present and advanced his claims for support of the firemen in his battle. Mr. Stewart has been a strong supporter of the Fire Department in all its activities since his coming to Clearfield six and one half years ago, and the firemen generally assured him of their support now that he is in need of their help.

Some time ago in delving into the archives of the Fire Department Secretary Boyd Smith of Company No. 1 unearthed the membership roll of the first fire company to be organized in Clearfield. This organization took place in August, 1881, and of the original fifty-five members at least twenty-three of them are yet living and of this number sixteen reside in Clearfield. For the purpose of perpetuating the memory of the parent organization and in recognition of the public spirited efforts of these old timers, J. D. Connelly arose and presented the following resolution:

"Resolved, That in recognition of the efforts of our early successors to give Clearfield a fire department, the Clearfield Fire Department honors its past history by conferring honorary membership upon the following members of the first fire fighting organization to be formed in Clearfield: Messrs. Ashley Thorn, A. B. Reed, Chas. Halford, Geo. W. Gulich, George W. Johnson, A. J. Hagerty, Frank Gulich, M. P. McDonald, John R. Short, William E. Wallace, A. E. Leitzinger, John H. Martin, Thomas F. Cooper, Samuel I. Snyder, all of Clearfield, and E. C. Read, Franklin, Pa.; O. L. Moore, Altoona; T. J. Cleary, Harrisburg; George C. Moore, California; C. F. Cardon, Donora, Pa.; J. Frank Powell, Clarion and H. C. Larrimer, Osceola.

The resolution also directed that a suitable certificate or membership card be prepared and presented to each honorary member and that membership be conferred on them at a special session to be held in the pavilion at the Driving park in the near future. The resolution was seconded by H. G. Ogden and S. B. Smith and unanimously adopted. Chief Kreher was authorized to appoint a committee to arrange for the occasion.

The Fire Department is unanimously of the opinion that the pumping apparatus recommended to the council for purchase by the Property Committee of Council is inadequate to the needs of the town and invited the committee to meet with them to discuss the matter. But one member of the Committee, Mr. Poorman of the Fourth Ward was present and after discussing the matter from every angle, he was asked to advise the Council that the firemen were a unit in belief that a stand and triple combination machine, with a capacity of not less than 750 gallons of water per minute is what is needed here in the motor drive pumping line.

The East End boys, who need a truck badly, said they were willing to have council secure them a chemical and hose combination wagon at

THREE NEGROES ARE BURNED AT STAKE FOR BEASTLY CRIME

Texas Mob Avenges
Brutal Outraging And
Murder Of Pretty 17
Year Old School Girl.

2 WHITE SUSPECTS

Kirvin, Texas, May 6.—Three negroes were burned here at dawn for the assault and murder of Eula Ausley, pretty 17 year old school girl whose body was found near here mutilated by thirty stab wounds. Tied to the seat of a cultivator, placed in the center of the city square here the negroes met their death before a mob of one hundred. Snap Terry, aged 26 who was captured after a thirty-six hour chase with bloodhounds was the first of the three to meet his death. He was tied to the seat of the cultivator after he was alleged to have made a confession, oil was poured on his clothing, and a match struck. Mose Jones, aged 44, and John Cornish, aged 19, were the other negroes burned.

Fairfield, Texas, May 6.—Two white men are being held here charged with being implicated in the murder of Eula Ausley for which three negroes were burned. According to Sheriff Mayo, tracks leading to the homes of the two men, who are brothers, and fitting the shoes they wore, show that they were at the scene of the murder.

Fairfield, Texas, May 6.—Chase and Audie Crowell, held here pending investigation of their connection with the murder of Eula Ausley, were released from custody today when authorities were convinced they had no connection with the crime. John King grandfather of the girl told officials he was certain the negroes were alone responsible for the outrage.

STILL ARGUING WITH DYNAMITE

Scranton, Pa., May 6.—The home of Nicola Latteri, of Dunmore, was almost completely destroyed today when a charge of dynamite exploded in the front part of the building. This is the fourth of a series of explosions which have occurred in this section recently.

DEFENSE OF DUBOIS MURDER SUSPECTS IS ARRANGED FOR

The murder trial of Patsy and Sam Caramello, of DuBois, is on the list for May Term of Criminal Court. On Monday last the Caramellos presented a petition to Judge S'ngletor Bell in which they alleged they are without funds with which to employ counsel and asked that the court appoint competent attorneys to conduct their defense. After receiving the petition Judge Bell made an order in which he appointed W. C. Miller and A. M. Liveright, Esq., to defend the Caramellos. The fees of the Attorneys will be paid by the county, the law allowing as much as \$400 in cases of this character.

PROMINENT BANKER DIES

The operation was performed by Dr. Elsberg, who performed a similar operation on Davison recently.

NOW SEEK CAVE MAN SLAYER OF FEEBLE MINDED WOMAN

Haverstraw, New York, May 6.—The evidence surrounding the slaying of Lillian White by a cave man in his retreat in the mountain fastnesses is still mystifying to the Rockland County grand jury and it has asked for more time to consider the case. Bleached bones of the slain girl were found on the mountain top near the cave. Lillian disappeared last September from the home for feeble minded where she was an inmate. Searching parties came down from the mountain yesterday without finding any more evidence to connect the cave man with the death of the girl.

DUBOIS MAN NAMED BY GOV. SPROUL FOR PARK DELEGATE

Harrisburg, Pa., May 6.—The Governor today appointed M. I. McCreight, DuBois, Samuel T. Bodine, Villa Nova and Alfred M. Collins, Philadelphia, as representatives of Pennsylvania to attend the second national convention of State Parks to be held at Palisades Interstate Park, New York.

HACKED UP PEACE MAKER IN HOSPITAL

Fred Kobus, aged 38 years, a resident of Munson is a patient in the Phillipsburg Hospital suffering from a serious knife wound in his neck, received at the hands of John Niedrick, a neighbor. On Thursday last Niedrick, asserting his rights as lord and master of the Niedrick home is alleged to have proceeded to beat up and belabor his wife. The woman's screams alarmed the neighbors and Kobus took Niedrick to task about his unmanly actions and told him to let the woman alone. Sometime later Niedrick approached the peace maker and without a word of warning is said to have attacked him with a keen bladed pocket knife. He attempted to cut Kobus' throat and inflicted a serious slash across the victim's neck.

After the cutting Niedrick escaped and has not been arrested up to this time although the State Police are on his trail.

AMERICAN LIVES ENDANGERED BY CHINESE REBELS

Shanghai, China, May 6.—10,000 mutinous troops were reported marching upon Tien Tsin to loot the foreign quarter. The whites there are preparing for a desperate defense. These troops are remnants of Chang Tso Lin's army seeking revenge for defeat by the Wu Pei Fu forces. The situation is similar to that which exists at Peking during the Boxer siege. The whole foreign population are taking up arms to assist in the siege. The Chinese troops are poorly organized and are more like an armed mob. Pekin, China, May 6.—The Chinese civil war is over. Chang Tso Lin's once formidable army is broken into isolated detachments which are falling back on Mukden. Chang Tso Lin himself is in flight to Manchuria. Dr. Sun Yat Sen, President of the South China government, is now the only prominent opponent to the Chinese unification government.

Mrs. Anna Gulich Heisey Remembered By A Host Of Friends On 106th Anniversary.

IN GOOD HEALTH

Mrs. Anna Gulich Heisey, this community's oldest resident, quietly observed her 106th birthday anniversary at the home of her granddaughter, Miss Lola Hall at Center, Friday.

Mrs. Heisey was the recipient of many beautiful floral tributes, being especially remembered by the Lutheran Sunday school, of which she is a member.

Her pastor, the Rev. Roy E. Hauser of the Lutheran church, and many other friends and neighbors called to extend congratulations.

While naturally failing in health, Mrs. Heisey appears no older than a year ago and bids fair to see her 107 birthday.

WILL CLEAN UP NEW PLAYGROUND SITE

Tuesday, May 9th, has been set for a neighborhood effort in the 4th Ward to clean up the ends of the Murray Wood at Eleventh street as a children's playground to be conducted by Clearfield Community Service, this summer. A committee composed of Mr. William Davis, Mr. M. M. Overly and Mr. O. E. Poorman are engaged in working up plans and interest in the work, and it is urged that every man and boy on the East Side contribute as much time as he can to the draining, cleaning up of brush, and pulling out of stumps that is going to be necessary. A pick, shovel or rake should be part of each man's equipment. A good many men are expected to come after working hours and the women of the neighborhood will furnish hot coffee and sandwiches during the early evening. There is a large enough open and level space for the younger children to play ball with a soft ball, and the lovely grove of trees there make it possible, with a little effort, to develop this into an excellent playground site.

IMPOSSIBLE TO ATTACH SALE TAX TO SOLDIER BONUS

Senator Watson, Speaking For Finance Committee Of Senate, So Informs Pres. Harding.

SEEK VIEW ON VETO

Washington, D. C., May 6.—President Harding was told today by Senator Watson, of Indiana, one of the leading members of the Senate Finance Committee, that it is impossible to pass a bill through Congress providing for a sales tax as a means of paying a soldier bonus. Watson, with Senators McCumber, Lodge and Curtis, called at the White House to place before the President the Senate's latest bonus bill which is quite similar to the measure passed by the House. It was their desire to learn from the President whether he would veto such a plan. Harding may reserve his decision and not pass snap judgment on the matter. Later he is expected to hold a conference with Senator Smoot regarding his plan for insurance certificates, thus avoiding large cash payments. The president will consider both plans carefully and take some time before announcing his decision. Meanwhile the bonus matter will lie at a standstill as no further action is expected in the Senate until an expression is received from the President.

The proceeds from the supper will be applied to the uniform fund of the band and everybody who can possibly do so should show their appreciation of the efforts the boys are making to give Woodland a band, by patronizing the supper.

The afternoon meeting will be a conference of the active members of the order, where items in connection with the order, its principles and progress will be discussed. The evening meeting will be a great patriotic rally to which the public is cordially invited.

The men making up the Speakers List on the Tour are: all officials of the Patriotic Order Sons of America and include the Honorable Gabriel H. Moyer, the National President of Lebanon; Honorable James H. Patton the National Vice-President; also the Representative of the order at Washington, D. C., Honorable Oscar B. Wetherhold, State President and Edwin S. Smith, State Treasurer of Reading, Pa.; A. D. Boyer, State Vice President of Pottsville, Pa.; James I. Pyle, State Master of Forms of Lancaster, Pa., and Charles Brumm Helms, State Secretary of Philadelphia.

The Patriotic Order Sons of America were organized in Philadelphia, Dec. 10th, 1847. It has been the most active patriotic order ever instituted in the history of the country, and many of the State's leading citizens make up its present membership of 135,000 in the state. Some of its achievements have been the "Saving of Washington's Headquarters at Valley Forge," The furnishing of the "First Five Companies of enlisted men in answer to Lincoln's Call in 1861," "Compulsory Education Laws in the State," "Placing the Flags on the School Houses," "The Penal Institution Laws" and the "Restriction of Immigration." Mr. Patten has done more for the restriction of immigration, according to Albert Johnson, Chairman of the Committee in Congress, than any other man in the United States.

The order has 27,500 members in the service during the late war, of which five hundred and five made the supreme sacrifice. The headquarters of the order are in Philadelphia in which city there are thirty thousand members.

Jack Kurtz entertained a number of his friends at his home on West Front street last evening.

SUNDAY AFTERNOON WALKS

Some customs and institutions pass away so swiftly and completely that a succeeding generation can scarcely realize to what extent such a custom was once prevalent and how much it meant to the generation that came before.

The boys and girls and young men and women who live in our large cities can not appreciate how much the pastime once known as the Sunday afternoon walk once meant to the people who are now along in years. This diversion is not to be compared to what is now known as "hiking;" the Sunday afternoon walk was not so strenuous and energetic as this latter day form of leg exercise.

The modern hiker expects some tangible returns on his investment. He is out for air and exercise and he purposes to get them. Over hill and dale along the country roads he stretches his legs and the more tired he gets, the better he likes it. Though he has no particular destination in mind and sets no time limit on his performance, the modern hiker is none the less a very business-like person.

Not so the Sunday afternoon walker of a generation or two ago. His was a leisurely proceeding. He was in search neither of romantic scenery nor of violent exercise. His performance consisted of nothing more strenuous than an amiable ambulating through parts of the city into which he did not venture every day, or perhaps his stroll took him for a short way out into the country. Thus accompanied by his loyal spouse and followed or preceded by a troupe of from two to four or five children he wended his way in peace of mind. Then home to the Sunday evening meal.

But it is gone, this custom. One by one conditions changed as mechanical inventions came in to cut us off from this simple pleasure. The bicycle, the automobile, the motion picture show, and the commercialized amusement park—all contributed to supplant the Sunday afternoon walk with something more hurried and feverish than we had ever known before. We have become hot in our pursuit of pleasure and diversions; we must be always going somewhere, and when we get there we must either be entertained or hurry off elsewhere.

The quiet Sunday afternoon walk is as extinct an institution as are the stage-coach and hoop-skirt. In another decade or two we shall marvel at the fact that people ever took pleasure in such idling away of their time.

LESSON FOR MAY 7

ISAIAH'S REMEDY FOR A WORLD AT STRIFE

LESSON TEXT—Isa. 2:2-4, 11-13
GOLDEN TEXT—Come ye and let us walk in the light of the Lord—Isa. 2:5
REFERENCE MATERIAL—Isa. 40, Mic. 4:1-5 Phil. 4:5-9 Gal. 5:22, 23
PRIMARY TOPIC—How to Be a Peacemaker
JUNIOR TOPIC—Swords Beaten Into Plowshares
INTERMEDIATE AND SENIOR TOPIC—How to Make Peace and Keep It
YOUNG PEOPLE AND ADULT TOPIC—Conditions of Permanent Peace

Isaiah does not set forth merely an ideal for a world at strife but foretells what shall actually take place in the latter days, which shall put an end to all earth's strife. In these Scripture texts he reveals the fact that Jesus Christ shall come and establish His kingdom and remove from men's hearts the cause for strife.

1. The Kingdom Established (Isa. 2:2-4)

By "mountain" in the Scriptures is meant "kingdom" (Dan. 2:35; Rev. 17:1, 17:9-11)

1. Its position (v. 2). It shall be in a place of supremacy. It stands at the head of all kingdoms. In fact the kingdoms of this world shall then become the kingdom of Christ (Rev. 11:15).

2. The restored nation the teacher of the Gentiles (v. 3). God called Israel that He might make His name known among other nations. Now after many centuries of apostasy and rebellion the chosen nation comes into its own. God's favor will be so outstanding as to gain the attention of the whole world and cause the people to come up to Jerusalem to hear the law of God.

3. The divine judge (v. 4). The problems of the nations of the world shall be adjudicated by One who is all-wise, and He shall rebuke many people. Because of this rebuke they shall convert their implements of war into implements of husbandry and they shall learn war no more.

4. The King (Isa. 11:1-5)

1. His lineage (v. 1). He is of royal stock, of the house of David. From the fact that the "branch" grows out of David's roots, it is shown that Messianic shall come when the fortunes of the nation are very low.

2. His qualifications (vv. 2-3). The Holy Spirit shall rest upon Him in His completeness, qualifying Him for His work. "Wisdom and understanding" refer mainly to the cleanness of intellectual and moral insight, counsel and might to the qualities which give sound practical direction and vigor to follow and carry through the decisions of practical wisdom, while the knowledge and the fear of the Lord define relation by its two parts of acquaintance with God founded on love and reverential awe which prompts to obedience. He shall have quick understanding in the fear of the Lord and His delight shall be to do God's will. This has fulfillment in Jesus Christ in whom are hid all the treasures of wisdom and knowledge (Col. 2:3).

3. The character of His reign (vv. 3b-5). (1) "Not judge after the sight of his eyes." His knowledge is perfect, his judgment pierces through the problems, even seeing the motive which lies back of the act. (2) "Not remove after the hearing of the ear." The word "remove" means "decide." His decisions, therefore, will be on the basis of fact not on hearsay. He can not be deceived nor imposed upon. He knows all things even from the beginning. (3) "With righteousness shall judge the poor." He will mete out impartial justice to them. Many times now the poor suffer because the wealthy are able to bribe the judge but when Christ shall reign as King the poor shall get justice. The poor shall not suffer in justice because he is poor nor escape justice because he is poor. (4) "Shall remove with equity for the meek." "Remove" here doubtless means "decide." In fact the meek shall inherit the earth (Matt. 5:5). (5) "Shall smite the earth with the rod of his mouth." By the "earth" is meant here the wicked inhabitants. When Messiah comes to reign there will be great wickedness in the earth (see Psalm 2:1-2, Luke 18:8). (6) He shall be girded with righteousness and faithfulness (v. 5). He is also utterly righteous and will faithfully carry out all His words.

III. Description of Christ's Reign (vv. 6-9).

There will prevail universal peace between men and animals. In this description each animal is coupled with that upon which it naturally preys.

Daily Thought.

It is common for those that are farthest from God to boast themselves most of their being near to the church.—Henry.

Every Man.

ODDS AND ENDS AND THINGS

By J. D. C.

"Man's inhumanity to man" has nothing on the way a woman handles one of her own sex when the occasion presents itself. At a recent court trial a woman appeared as plaintiff in

a case wherein she was seeking to recover a widow's dowry in her deceased husband's estate. It appeared during the trial that the couple had separated some nine or ten years ago at which time a settlement had been made and each agreed to go their separate ways alone and promised never to bother the other. When the husband died he left an estate of five or six thousand dollars and the widow, despite the former agreement, thought to get a share of the estate. When the case came to trial the Fates ordained that five of the "twelve good and true" making up the jury should be women. After the evi-

dence had been concluded and the jury retired to deliberate on the case the seven male jurors very gallantly decided that inasmuch as the plaintiff was a woman the women on the jury should decide what was to be done with the case. Then you should have heard the fireworks. That verdict arrived at instantly and without further deliberation the jury returned to the court room and announced a verdict for the defendant.

The cost of living is again on the increase, reports to the Department of Labor show. In 21 of 30 principal cities reporting so far, 21 shows an

increase ranging up to 2 per cent. and nine a decrease of one per cent. for March. Wages continue to drop.

Dr. David Forsyth, the well known English psycho-analyst, declares that man is incapable of being "head over heels" in love with more than one woman at a time. When a man thinks he can love two women at the same time he is only deluding himself, Dr. Forsyth says, because any affection

given to No. 2, means that No. 1 suffers to that extent. Real love, he adds, can't be a fifty-fifty arrangement, but "a man can be half in love with two women. He can be one-sixth in love with six women and one-twelfth in love with twelve women." That ought to help a little.

Criminals being received lately at Sing Sing have the mentality of children, although their ages run from

sixteen to seventy-five years, according to statistics prepared yesterday by Dr. Amos O. Squire, head prison physician and psychiatrist.

Out of the last 250 incoming offenders, Dr. Squires found the average mental age of a person thirteen years two months.

The survey made by Dr. Squire included a dozen alleged murderers in the deathhouse awaiting execution.

Throwing Salt.
The custom of throwing a pinch of spilled salt over the left shoulder three times to break the "hoodoo" is a pagan survival of the times when salt was one of the offerings to the evil deities who sent bad luck.

Pasteurized Milk The Only Really Safe Milk

Any food coming in contact with the soil quickly becomes contaminated with germs which means the spreading of disease. And the great importance of milk in any diet has become fully recognized. Thus it becomes necessary to see that the milk you get is not only wholesome but is absolutely pure.

The raising of the temperature and the sudden cooling of pasteurized milk destroys all germs and renders pasteurized milk the only safe milk to drink whether it is for the kiddies or grown-ups.

Our milk is the only pasteurized milk being distributed in this city and you should see that you have pasteurized milk only.

FIREMEN TO HONOR MEMBERS OF FIRST FIRE COMPANY

Local Department Votes
Honorary Membership
To Old Time Volun-
teers Of 40 Years Ago.

SPECIAL OCCASION

The Clearfield Fire Department held its regular monthly meeting for May in No. 1 company's hall in the Borough Building last evening. Forty firemen from the different companies were present and much business was transacted.

Under the rules of the Department the election of delegates to the State and District Conventions takes place at the May meeting. The following delegates were then chosen: To State Convention, Palmer Weimer, of Elk Hose Co.; Alternate, Preston Gulich, of Third Ward Co. For representative to the District Convention at DuBois, M. M. Overly, of Elk Hose Company, was named by acclamation with Chief A. P. Kreher as Alternate.

G. Albert Stewart, local candidate for the Legislature, was present and advanced his claims for support of the firemen in his battle. Mr. Stewart has been a strong supporter of the Fire Department in all its activities since his coming to Clearfield six and one half years ago, and the firemen generally assured him of their support now that he is in need of their help.

Some time ago in delving into the archives of the Fire Department Secretary Boyd Smith of Company No. 1 unearthed the membership roll of the first fire company to be organized in Clearfield. This organization took place in August, 1881, and of the original fifty-five members at least twenty-three of them are yet living and of this number sixteen reside in Clearfield. For the purpose of perpetuating the memory of the parent organization and in recognition of the public spirited efforts of these old timers, J. D. Connelly arose and presented the following resolution:

"Resolved, That in recognition of the efforts of our early successors to give Clearfield a fire department, the Clearfield Fire Department honors its past history by conferring honorary membership upon the following members of the first fire fighting organization to be formed in Clearfield: Messrs. Ashley Thorn, A. B. Reed, Chas. Halford, Geo. W. Gulich, George W. Johnson, A. J. Hagerty, Frank Gulich, M. P. McDonald, John R. Short, William E. Wallace, A. E. Leitzinger, John H. Martin, Thomas F. Cooper, Samuel I. Snyder, all of Clearfield, and E. C. Read, Franklin, Pa.; O. L. Moore, Altoona; T. J. Cleary, Harrisburg; George C. Moore, California; C. F. Cardon, Donora, Pa.; J. Frank Powell, Clarion and H. C. Larrimer, Osceola.

The resolution also directed that a suitable certificate or membership card be prepared and presented to each honorary member and that membership be conferred on them at a special session to be held in the pavilion at the Driving park in the near future. The resolution was seconded by H. G. Ogden and S. B. Smith and unanimously adopted. Chief Kreher was authorized to appoint a committee to arrange for the occasion.

The Fire Department is unanimously of the opinion that the pumping apparatus recommended to the council for purchase by the Property Committee of Council is inadequate to the needs of the town and invited the committee to meet with them to discuss the matter. But one member of the Committee, Mr. Poorman of the Fourth Ward was present and after discussing the matter from every angle, he was asked to advise the Council that the firemen were a unit in belief that a stand and triple combination machine, with a capacity of not less than 750 gallons of water per minute is what is needed here in the motor drive pumping line.

The East End boys, who need a truck badly, said they were willing to have council secure them a chemical and hose combination wagon at

THREE NEGROES ARE BURNED AT STAKE FOR BEASTLY CRIME

Texas Mob Avenges
Brutal Outraging And
Murder Of Pretty 17
Year Old School Girl.

2 WHITE SUSPECTS

Kirvin, Texas, May 6.—Three negroes were burned here at dawn for the assault and murder of Eula Ausley, pretty 17 year old school girl whose body was found near here mutilated by thirty stab wounds. Tied to the seat of a cultivator, placed in the center of the city square here the negroes met their death before a mob of one hundred. Snap Terry, aged 26 who was captured after a thirty-six hour chase with bloodhounds was the first of the three to meet his death. He was tied to the seat of the cultivator after he was alleged to have made a confession, oil was poured on his clothing, and a match struck. Mose Jones, aged 44, and John Cornish, aged 19, were the other negroes burned.

Fairfield, Texas, May 6.—Two white men are being held here charged with being implicated in the murder of Eula Ausley for which three negroes were burned. According to Sheriff Mayo, tracks leading to the homes of the two men, who are brothers, and fitting the shoes they wore, show that they were at the scene of the murder.

Fairfield, Texas, May 6.—Chase and Audie Crowell, held here pending investigation of their connection with the murder of Eula Ausley, were released from custody today when authorities were convinced they had no connection with the crime. John King grandfather of the girl told officials he was certain the negroes were alone responsible for the outrage.

STILL ARGUING WITH DYNAMITE

Scranton, Pa., May 6.—The home of Nicola Latteri, of Dunmore, was almost completely destroyed today when a charge of dynamite exploded in the front part of the building. This is the fourth of a series of explosions which have occurred in this section recently.

PROMINENT BANKER DIES

Near York, N. Y., May 6.—Harry P. Davison of J. P. Morgan & Co., died today following an operation at his home, Crook Point, Long Island. The operation was for a tumor on the brain. Mr. Davison died shortly after 1:00 o'clock this afternoon. The tumor could only be partially removed. The operation was performed by Dr. Elsberg, who performed a similar operation on Davison recently.

NOW SEEK CAVE MAN SLAYER OF FEEBLE MINDED WOMAN

Haverstraw, New York, May 6.—The evidence surrounding the slaying of Lillian White by a cave man in his retreat in the mountain fastnesses is still mystifying to the Rockland County grand jury and it has asked for more time to consider the case. Bleached bones of the slain girl were found on the mountain top near the cave. Lillian disappeared last September from the home for feeble minded where she was an inmate. Searching parties came down from the mountain yesterday without finding any more evidence to connect the cave man with the death of the girl.

DUBOIS MAN NAMED BY GOV. SPROUL FOR PARK DELEGATE

Harrisburg, Pa., May 6.—The Governor today appointed M. I. McCreight, DuBois, Samuel T. Bodine, Villa Nova and Alfred M. Collins, Philadelphia, as representatives of Pennsylvania to attend the second national convention of State Parks to be held at Palisades Interstate Park, New York.

HACKED UP PEACE MAKER IN HOSPITAL

Fred Kobus, aged 38 years, a resident of Munson is a patient in the Phillipsburg Hospital suffering from a serious knife wound in his neck, received at the hands of John Niedrick, a neighbor. On Thursday last Niedrick, asserting his rights as lord and master of the Niedrick home is alleged to have proceeded to beat up and belabor his wife. The woman's screams alarmed the neighbors and Kobus took Niedrick to task about his unmanly actions and told him to let the woman alone. Sometime later Niedrick approached the peacemaker and without a word of warning is said to have attacked him with a keen bladed pocket knife. He attempted to cut Kobus' throat and inflicted a serious slash across the victim's neck.

After the cutting Niedrick escaped and has not been arrested up to this time although the State Police are on his trail.

AMERICAN LIVES ENDANGERED BY CHINESE REBELS

Shanghai, China, May 6.—10,000 mutinous troops were reported marching upon Tien Tsin to loot the foreign quarter. The whites there are preparing for a desperate defense. These troops are remnants of Chang Tso Lin's army seeking revenge for defeat by the Wu Pei Fu forces. The situation is similar to that which exists at Peking during the Boxer siege. The whole foreign population are taking up arms to assist in the siege. The Chinese troops are poorly organized and are more like an armed mob. Pekin, China, May 6.—The Chinese civil war is over. Chang Tso Lin once formidable army is broken into isolated detachments which are falling back on Mukden. Chang Tso Lin himself is in flight to Manchuria. Dr. Sun Yat Sen, President of the South China government, is now the only prominent opponent to the Chinese unification government.

Host Of Friends On
106th Anniversary.

Mrs. Anna Gulich Heisey, this community's oldest resident, quietly observed her 106th birthday anniversary at the home of her granddaughter, Miss Lola Hall at Center, Friday.

Mrs. Heisey was the recipient of many beautiful floral tributes, being especially remembered by the Lutheran Sunday school, of which she is a member.

Her pastor, the Rev. Roy E. Hauser of the Lutheran church, and many other friends and neighbors called to extend congratulations.

While naturally failing in health, Mrs. Heisey appears no older than a year ago and bids fair to see her 107 birthday.

WILL CLEAN UP NEW PLAYGROUND SITE

Tuesday, May 9th, has been set for a neighborhood effort in the 4th Ward to clean up the ends of the Murray Wood at Eleventh street as a children's playground to be conducted by Clearfield Community Service, this summer. A committee composed of Mr. William Davis, Mr. M. M. Overly and Mr. O. E. Poorman are engaged in working up plans and interest in the work, and it is urged that every man and boy on the East Side contribute as much time as he can to the draining, cleaning up of brush, and pulling out of stumps that is going to be necessary. A pick, shovel or rake should be part of each man's equipment. A good many men are expected to come after working hours and the women of the neighborhood will furnish hot coffee and sandwiches during the early evening. There is a large enough open and level space for the younger children to play ball with a soft ball, and the lovely grove of trees there make it possible, with a little effort, to develop this into an excellent playground site.

STEEL MILLS TO RESUME

IMPOSSIBLE TO ATTACH SALE TAX TO SOLDIER BONUS

Senator Watson, Speaking For Finance Committee Of Senate, So Informs Pres. Harding.

SEEK VIEW ON VETO

Washington, D. C., May 6.—President Harding was told today by Senator Watson, of Indiana, one of the leading members of the Senate Finance Committee, that it is impossible to pass a bill through Congress providing for a sales tax as a means of paying a soldier bonus. Watson, with Senators McCumber, Lodge and Curtis, called at the White House to place before the President the Senate's latest bonus bill which is quite similar to the measure passed by the House. It was their desire to learn from the President whether he would veto such a plan. Harding may reserve his decision and not pass snap judgment on the matter. Later he is expected to hold a conference with Senator Smoot regarding his plan for insurance certificates, thus avoiding large cash payments. The president will consider both plans carefully and take some time before announcing his decision. Meanwhile the bonus matter will lie at a standstill as no further action is expected in the Senate until an expression is received from the President.

WOODLAND BAND COMING ALONG FINE

The newly reorganized Woodland band of 30 pieces is being rapidly whipped into shape and promise soon to take front rank among the brass bands of this section of Clearfield county. The band is rehearsing almost nightly getting in trim for a concert they expect to give next Tuesday evening. This concert will be given in connection with a chicken and waffle supper the band has arranged for for Tuesday evening.

The supper will be given in the basement of the U. B. church and the band will execute a pleasing program during the evening. The proceeds from the supper will be applied to the uniform fund of the band and everybody who can possibly do so should show their appreciation of the efforts the boys are making to give Woodland a band, by patronizing the supper.

The afternoon meeting will be a conference of the active members of the order, where items in connection with the order, its principles and progress will be discussed. The evening meeting will be a great patriotic rally to which the public is cordially invited.

The men making up the Speakers List on the Tour are: all officials of the Patriotic Order Sons of America and include the Honorable Gabriel H. Moyer, the National President of Lebanon; Honorable James H. Patton the National Vice-President; also the Representative of the order at Washington, D. C., Honorable Oscar B. Wetherhold, State President and Edwin S. Smith, State Treasurer of Reading, Pa.; A. D. Boyer, State Vice President of Pottsville, Pa.; James I. Pyle, State Master of Forms of Lancaster, Pa., and Charles Brumm Helms, State Secretary of Philadelphia.

The Patriotic Order Sons of America were organized in Philadelphia, Dec. 10th, 1847. It has been the most active patriotic order ever instituted in the history of the country, and many of the State's leading citizens make up its present membership of 135,000 in the state. Some of its achievements have been the "Saving of Washington's Headquarters at Valley Forge," The furnishing of the "First Five Companies of enlisted men in answer to Lincoln's Call in 1861," "Compulsory Education Laws in the State," "Placing the Flags on the School Houses," "The Penal Institution Laws" and the "Restriction of Immigration." Mr. Patten has done more for the restriction of immigration, according to Albert Johnson, Chairman of the Committee in Congress, than any other man in the United States.

The order has 27,500 members in the service during the late war, of which five hundred and five made the supreme sacrifice. The headquarters of the order are in Philadelphia in which city there are thirty thousand members.

Jack Kurtz entertained a number of his friends at his home on West Front street last evening.

SUNDAY AFTERNOON WALKS

Some customs and institutions pass away so swiftly and completely that a succeeding generation can scarcely realize to what extent such a custom was once prevalent and how much it meant to the generation that came before.

The boys and girls and young men and women who live in our large cities can not appreciate how much the pastime once known as the Sunday afternoon walk once meant to the people who are now along in years. This diversion is not to be compared to what is now known as "hiking;" the Sunday afternoon walk was not so strenuous and energetic as this latter day form of leg exercise.

The modern hiker expects some tangible returns on his investment. He is out for air and exercise and he purposes to get them. Over hill and dale along the country roads he stretches his legs and the more tired he gets, the better he likes it. Though he has no particular destination in mind and sets no time limit on his performance, the modern hiker is none the less a very business-like person.

Not so the Sunday afternoon walker of a generation or two ago. His was a leisurely proceeding. He was in search neither of romantic scenery nor of violent exercise. His performance consisted of nothing more strenuous than an amiable ambulating through parts of the city into which he did not venture every day, or perhaps his stroll took him for a short way out into the country. Thus accompanied by his loyal spouse and followed or preceded by a troupe of from two to four or five children he wended his way in peace of mind. Then home to the Sunday evening meal.

But it is gone, this custom. One by one conditions changed as mechanical inventions came in to cut us off from this simple pleasure. The bicycle, the automobile, the motion picture show, and the commercialized amusement park—all contributed to supplant the Sunday afternoon walk with something more hurried and feverish than we had ever known before. We have become hot in our pursuit of pleasure and diversions; we must be always going somewhere, and when we get there we must either be entertained or hurry off elsewhere.

The quiet Sunday afternoon walk is as extinct an institution as are the stage-coach and hoop-skirt. In another decade or two we shall marvel at the fact that people ever took pleasure in such idling away of their time.

PLANS RECEIVED FOR RIVER BRIDGES

County Commissioner M. L. Farrell is in receipt of the plans and specifications for the bridges across the West Branch at Deer Creek and Rolling Stone, which are to be built by the State—sometime. The plans were sent to Commissioner Farrell by F. M. Sawyer, construction engineer for the State. He also stated that a meeting of the Board of Public Buildings and Grounds, which have the building of these bridges in their charge, will be held on Tuesday, May 9th and Mr. Farrell says there will be a delegation from their office to attend that meeting and will insist on contracts being let for these bridges.

LESSON FOR MAY 7

ISAIAH'S REMEDY FOR A WORLD AT STRIFE

LESSON TEXT—Isa. 2:2-4, 11-13
GOLDEN TEXT—Come ye and let us walk in the light of the Lord—Isa. 2:5
REFERENCE MATERIAL—Isa. 40, Mic. 4:1-5 Phil. 4:5-9 Gal. 5:22, 23
PRIMARY TOPIC—How to Be a Peacemaker
JUNIOR TOPIC—Swords Beaten Into Plowshares
INTERMEDIATE AND SENIOR TOPIC—How to Make Peace and Keep It
YOUNG PEOPLE AND ADULT TOPIC—Conditions of Permanent Peace

Isaiah does not set forth merely an ideal for a world at strife but foretells what shall actually take place in the latter days, which shall put an end to all earth's strife. In these Scripture texts he reveals the fact that Jesus Christ shall come and establish His kingdom and remove from men's hearts the cause for strife.

1. The Kingdom Established (Isa. 2:2-4)

By "mountain" in the Scriptures is meant "kingdom" (Dan. 2:35; Rev. 17:1, 17:9-11)

1. Its position (v. 2). It shall be in a place of supremacy. It stands at the head of all kingdoms. In fact the kingdoms of this world shall then become the kingdom of Christ (Rev. 11:15).

2. The restored nation the teacher of the Gentiles (v. 3). God called Israel that He might make His name known among other nations. Now after many centuries of apostasy and rebellion the chosen nation comes into its own. God's favor will be so outstanding as to gain the attention of the whole world and cause the people to come up to Jerusalem to hear the law of God.

3. The divine Judge (v. 4). The problems of the nations of the world shall be adjudicated by One who is all-wise, and He shall rebuke many people. Because of this rebuke they shall convert their implements of war into implements of husbandry and they shall learn war no more.

4. The King (Isa. 11:1-5)

1. His lineage (v. 1). He is of royal stock, of the house of David. From the fact that the "branch" grows out of David's roots, it is shown that Messianic shall come when the fortunes of the nation are very low.

2. His qualifications (vv. 2-3). The Holy Spirit shall rest upon Him in His completeness, qualifying Him for His work. "Wisdom and understanding" refer mainly to the cleanness of intellectual and moral insight, counsel and might to the qualities which give sound practical direction and vigor to follow and carry through the decisions of practical wisdom, while the knowledge and the fear of the Lord define relation by its two parts of acquaintance with God founded on love and reverential awe which prompts to obedience. He shall have quick understanding in the fear of the Lord and His delight shall be to do God's will. This has fulfillment in Jesus Christ in whom are hid all the treasures of wisdom and knowledge (Col. 2:3).

3. The character of His reign (vv. 3b-5). (1) "Not judge after the sight of his eyes." His knowledge is perfect, his judgment pierces through the problems, even seeing the motive which lies back of the act. (2) "Not remove after the hearing of the ear." The word "remove" means "decide." His decisions, therefore, will be on the basis of fact not on hearsay. He can not be deceived nor imposed upon. He knows all things even from the beginning. (3) "With righteousness shall judge the poor." He will mete out impartial justice to them. Many times now the poor suffer because the wealthy are able to bribe the judge but when Christ shall reign as King the poor shall get justice. The poor shall not suffer in justice because he is poor nor escape justice because he is poor. (4) "Shall remove with equity for the meek." "Remove" here doubtless means "decide." In fact the meek shall inherit the earth (Matt. 5:5). (5) "Shall smite the earth with the rod of his mouth." By the "earth" is meant here the wicked inhabitants. When Messiah comes to reign there will be great wickedness in the earth (see Psalm 2:1-2, Luke 18:8). (6) He shall be girded with righteousness and faithfulness (v. 5). He is absolutely righteous and will faithfully carry out all His words.

III. Description of Christ's Reign (vv. 6-9).

There will prevail universal peace between men and animals. In this description each animal is coupled with that upon which it naturally preys.

Daily Thought.

It is common for those that are farthest from God to boast themselves most of their being near to the church.—Henry.

Every Man.

The brave man carries out his fortune, and every man is the son of his own works.—Cervantes.

On Things Above.

Set your affections on things above, not on things of this earth.—Colossians 3:2.

ODDS AND ENDS AND THINGS

By J. D. C.

"Man's inhumanity to man" has nothing on the way a woman handles one of her own sex when the occasion presents itself. At a recent court trial a woman appeared as plaintiff in

a case wherein she was seeking to recover a widow's dowry in her deceased husband's estate. It appeared during the trial that the couple had separated some nine or ten years ago at which time a settlement had been made and each agreed to go their separate ways alone and promised never to bother the other. When the husband died he left an estate of five or six thousand dollars and the widow, despite the former agreement, thought to get a share of the estate. When the case came to trial the Fates ordained that five of the "twelve good and true" making up the jury should be women. After the evi-

dence had been concluded and the jury retired to deliberate on the case the seven male jurors very gallantly decided that inasmuch as the plaintiff was a woman the women on the jury should decide what was to be done with the case. Then you should have heard the fireworks. That verdict arrived at instantly and without further deliberation the jury returned to the court room and announced a verdict for the defendant.

The cost of living is again on the increase, reports to the Department of Labor show. In 21 of 30 principal cities reporting so far, 21 shows an

increase ranging up to 2 per cent. and nine a decrease of one per cent. for March. Wages continue to drop.

Dr. David Forsyth, the well known English psycho-analyst, declares that man is incapable of being "head over heels" in love with more than one woman at a time. When a man thinks he can love two women at the same time he is only deluding himself, Dr. Forsyth says, because any affection

given to No. 2, means that No. 1 suffers to that extent. Real love, he adds, can't be a fifty-fifty arrangement, but "a man can be half in love with two women. He can be one-sixth in love with six women and one-twelfth in love with twelve women." That ought to help a little.

Criminals being received lately at Sing Sing have the mentality of children, although their ages run from

sixteen to seventy-five years, according to statistics prepared yesterday by Dr. Amos O. Squire, head prison physician and psychiatrist.

Out of the last 250 incoming offenders, Dr. Squires found the average mental age of a person thirteen years two months.

The survey made by Dr. Squire included a dozen alleged murderers in the deathhouse awaiting execution.

Throwing Salt.
The custom of throwing a pinch of spilled salt over the left shoulder three times to break the "hoodoo" is a pagan survival of the times when salt was one of the offerings to the evil deities who sent bad luck.

THANKFUL FOR A LITTLE CHILD

Mrs. Mertz Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

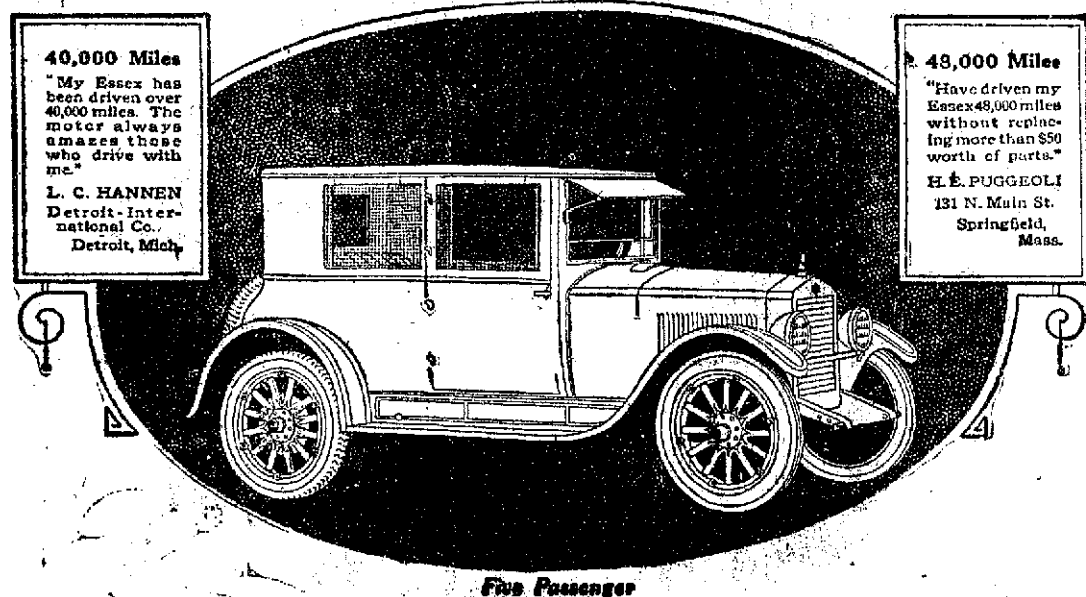

Kutztown, Pa.—"I wish every woman who wants children would try Lydia E. Pinkham's Vegetable Compound. It has done so much for me. My baby is almost a year old now and is the picture of health. She walked eleven months and is trying to use her little tongue. She can say some words real nice. I am sending you her picture. I shall be thankful as long as I live that I found such a wonderful medicine for my troubles."—Mrs. CHARLES A. MERTZ, Kutztown, Pa.

Many cases of childlessness are curable. Perhaps yours may be. Why be discouraged until you have given Lydia E. Pinkham's Vegetable Compound a faithful trial?

Spoken and written recommendations from thousands of women who have found health and happiness from its use have come to us. We only tell you what they say and what they believe.

We believe that Lydia E. Pinkham's Vegetable Compound is so well adapted to the conditions which might cause your trouble that good will come to you by its use.

Mert is the foundation of Lydia E. Pinkham's Vegetable Compound. It has behind it a record of nearly fifty years.

Pasteurized Milk The Only Really Safe Milk

Any food coming in contact with the soil quickly becomes contaminated with germs which means the spreading of disease. And the great importance of milk in any diet has become fully recognized. Thus it becomes necessary to see that the milk you get is not only wholesome but is absolutely pure.

The raising of the temperature and the sudden cooling of pasteurized milk destroys all germs and renders pasteurized milk the only safe milk to drink whether it is for the kiddies or grown-ups.

Our milk is the only pasteurized milk being distributed in this city and you should see that you have pasteurized milk only.
